

Premier of Bermuda

17 June 2008

To Whom It May Concern:

For more than ten years I have personally been committed to bringing Uncommon Results to Bermuda and it has been worth all of the time, effort, and investment. Uncommon Results, Inc. not only produces "uncommon results," they produce phenomenal results. Mark Charley and his team have created an outstanding, very responsive, highly sustainable, local program that is directly on target for our efforts to address critical problems of youth alienation and the development of highly effective responses to it. We have formed partnerships between youth professionals, families, faith based organizations, businesses and other community groups. The program has had such a profound and positive impact that we are committed to continuing and expanding the scope to include more youth of varying ages as well as getting the business community further involved.

The program that Mark Charley has organized transcends social, economic, cultural, educational and racial barriers and addresses the needs of the community.

I highly recommend Mark Charley and the Uncommon Results team. They are an outstanding group of dedicated professionals. I am grateful for the work they have done in Bermuda and know that it will make a significant difference in the future lives of our young people.

Warmest regards,

Dr. the Hon. Ewart Brown, JP, MP
